Profile

I am a passionate and detail-oriented MCA student with a strong foundation in computer science and hands-on experience in Python, Java, and the MERN stack. With a BSc in Computer Science and practical exposure through internships and projects, I have developed the ability to design, build, and optimize user-friendly web applications. My key strengths include problem-solving, creating clean and efficient code, and transforming real-world ideas into functional digital solutions. I have successfully developed projects like a Custom Recipe Generator and a Peer-to-Peer Book Exchange App, showcasing both technical expertise and creativity. I am eager to bring my skills into a dynamic work environment where I can contribute to innovative projects while continuing to learn and grow.

Education

August/2024 – May/2026	Master of computer application <i>Bharathidasan university</i>
Thiruvapur, India	I am currently pursuing my Master of Computer Applications (MCA) at Sengamazha Thaayar Educational Trust, Sundarakottai, where I am strengthening my expertise in full-stack web development and emerging technologies. I hold a Bachelor's degree in Computer Science (B.Sc. CS) and have completed additional certifications in Python, Java, and MERN stack development. My academic journey is complemented by practical experience through projects and a short-term internship at Elysium Technologies, Madurai, where I gained exposure to real-world MERN stack applications.

Professional Experience

May/2025 – July/2025	Mern stack developer
Madurai, Tamilnadu, India	<i>Intern</i> During my internship at Elysium Technologies, Madurai, I worked on real-time MERN stack projects where I learned to build responsive user interfaces, integrate APIs, and manage backend databases.

Skills

Python, Java, Mern, Css, Html, Web development,
Mongodb, Asp. Net, C, C++

Languages

- Tamil , English

Courses

Dec/2023 – June/2024	Diploma in information technology
Mannargudi, india	CADD CENTRE
